STRADIVARIUS

Casual Sport

/7 August, 2025

Stradivarius launches a new Casual Sport capsule, offering versatile pieces that blend comfort and trend. This collection is designed for women who move between the practical and the contemporary, fusing the essence of sportswear with a modern fashion language.

The brand introduces a new drop built around total looks featuring matching leggings and crop tops, urban-inspired sweatshirts, and oversized cropped jackets. The colour palette includes black, khaki green, navy blue, and burgundy tones that serve as the perfect foundation for a capsule wardrobe that balances casual and chic.

To complete the looks, Stradivarius offers a curated selection of accessories, including caps, bags, and sneakers, adding a trendy touch without compromising on comfort.

With Casual Sport, the brand not only meets the needs of everyday life but turns casual dressing into a true fashion statement.
